## Editorial Column...

In the Editorial column, I would like to pen down a few lines about the college and the newsletter. It gives me immense pleasure to present the 1st vol of Dikhowmukh College Newsletter '*Glimpses*' for the years 2012 and 2013. Established in 1982, Dikhowmukh college completed almost 31 glorious years imparting quality education. A Newsletter is like a mirror to the vitality of life on a campus which is essential for sound development of any institution. *Glimpses* also unfolds the various events and achievements of the faculty members and students during the calendar years 2012 and 2013. It is the first issue of the newsletter, so we could not highlight all the events from all departments for the limitations of time and space. So we hope to showcase the significant activities of every department and cells of the college in the next issue. I extend my heartfelt gratitude and thanks to the members of the editorial board for their hard work and being a constant support in the compilation of this issue and thanks to all my colleagues and students of our college for their kind cooperation.
